SECTION 5 – LOCAL EXCHANGE SERVICES, (CONT'D)**5.3 Residential Bundled Services****5.3.1 General**

ACN offers several service packages targeted at Residential Customers that bundle local and long distance services. Residential Bundled Services may include several Calling Features (See Section 6.1 of this tariff for Calling Feature descriptions). These packages are targeted primarily at residential customers and differ based on Customer call volume, patterns and features desired. Voice Mail* may be available with some packages at an additional charge.

Recurring charges are billed monthly in advance. Non-recurring charges for installation or rearrangement of service are billed on the next month=s bill immediately following work performed by the Company.

Each local exchange access line for a specific service is billed at the same Monthly Recurring Charge. Customers may opt for a data or fax line at a reduced rate. Data/fax lines are only available to Customers of an ACN voice local exchange service and are purchased as an additional line to the voice local exchange service. Data/fax lines do not include a call allowance or calling features. In addition, toll free service is available as part of the Company's Bundled Services.

The local exchange access line is a voice-only line for use by residential customers. If it is determined that usage is not consistent with residential voice applications, the Customer's service may be assessed a \$50.00 monthly recurring data usage charge or be disconnected.

Any unlimited long distance calling plan is strictly for typical residential applications and is subject to the following restrictions: no more than ten lines per location may have such a plan; no unlimited plan shall be used in connection with auto-dialers, internet dialing, fax blasting, telemarketing, call centers, party lines, or similar activities. Incidental calling for dial-up internet access, data, and fax applications is permitted up to a maximum of 2,500 minutes within any 30-day period. Usage beyond this threshold is presumed to be inconsistent with typical residential voice applications and is strictly prohibited. If the Company determines that the usage is inconsistent with the usage restrictions described herein, the Company may take immediate action to enforce the restrictions, including, but not limited to service suspension, re-billing at the Company's standard long distance rates, and transition to a message-rate long distance service at the Company's standard rates.
